CU Reference Databases or "CU Ref" is a wide variety of academic databases. It contains collections of full text and bibliographic information. **CU Reference Databases** are managed by the Center of Academic Resources (CAR) Chulalongkorn University. They are provided on the campus network to current students, faculty, members, and staffs of Chulalongkorn University. To use **CU Reference Databases**, you have to access via a computer on Chulalongkorn University network (CUNet). However, when students are at home, then a question arises: how can an authorized user access **CU Reference Databases** via modem?

Using **CU Reference Databases** via modem

Requirements :

1. PC running MS-Windows

2. Modem

3. Telephone line to connect the modem

4. User name and password (obtained from the Office of Information Technology)

S t e p s   o f   C o n n e c t i n g   C U N e t

✎ Connect computer with modem and telephone line. Please see **connecting manual guide** from URL: http://www.it.chula.ac.th/document/manual2005/pdf/manual2005.pdf (Text in **Thai**).

✎ Connect to CUNet by user name and password.

✎ For user name: please enter only **8** digits of student ID (do not type the last **2** digits).

✎ When you have already connected to CUNet, you can access services of the Center of Academic Resources (CAR).

✎ Open your browser and then key in URL: http://www.car.chula.ac.th/curef-db to access and to use **CU Reference Databases**
