How to begin

Go to <http://www.car.chula.ac.th/curef-db/slist.html#general> and select **EBSCOhost Web**. The screen will be shown EBSCOhost's gateway as the following picture.

Access the database by clicking at **eBook Collection**. Then the homepage will be shown as picture below.

Users can see many ways which are provided by the database at the top menu, to help you found what you want from eBook Collection, including **New Search**, **eBooks**, and **Dictionary**.

New Search

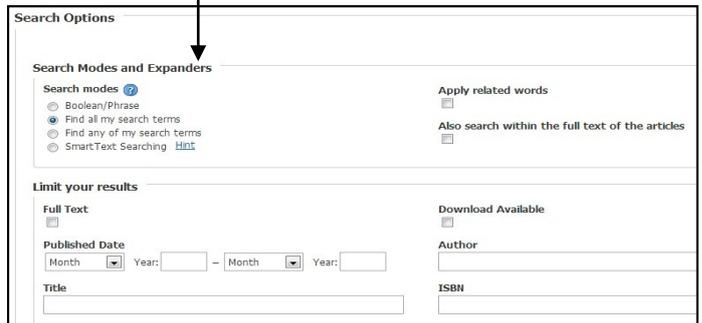

The first menu is *Searching* with search panel.

➊ **Advanced Search** panel is available for searching on the upper side of homepage. Users can perform many search terms in specific field, and then select related condition [AND, OR, NOT] to search eBook. Click **Add Row** for adding more search terms box.

➋ **Basic Search** panel will be appeared when users click at the option: **Basic Search**, below search panel. It allows users search with **word or phrase** filled in the box and click **Search**.

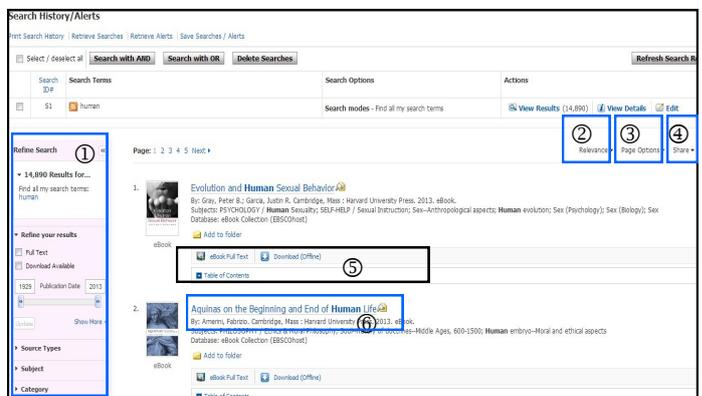

➌ **Search Options** is a supporter to set **Search Modes and Expanders** and **Limit your results**, when users use **Advanced/Basic Search**. Click at the arrow to turn on **Search Options**.

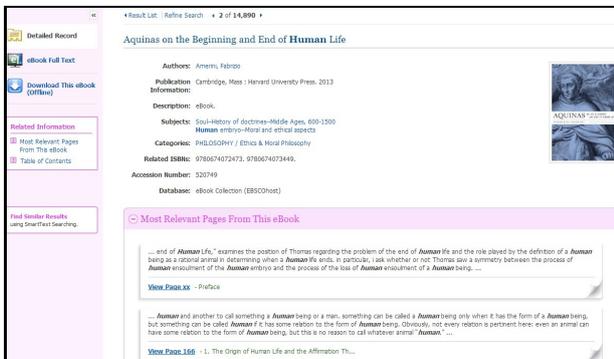

➍ **Search History** will be saved automatically while searching. Users can check it anytime.

➎ **Search Results** will be displayed **eBooks' title list** and more functions that users can work on as following:

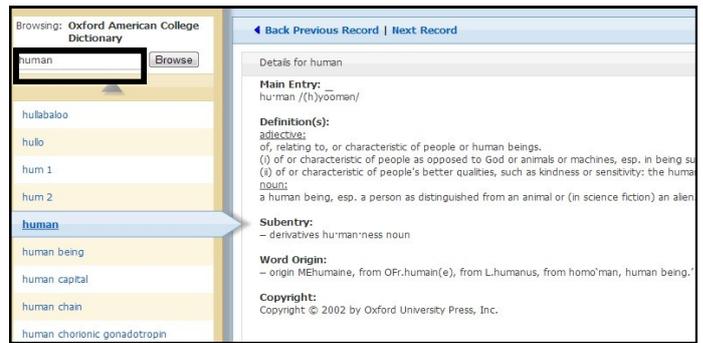

➏ **Refine Search** by **Full Text/Download Available**, **Publication Date**, **Source Types**, **Subject**, and **Category**
➐ **Sort Results** by **Relevance**, **Date**, **Source**, **Author**, **Title**, **Date Added**

- ③ **Set results format and layout** from [Page Options](#)
- ④ **Share results** via [permalink](#), [Add to folder](#), and [create alert](#).
- ⑤ **View [Table of Contents](#), [eBook Full Text](#), or [Download \(Offline-if available\)](#)** **Users have to log in the database before downloading eBook. And can read it on your computer using Adobe Digital Editions.**
- ⑥ **View more detail** about each item by clicking at the [title](#). The detail of eBook includes [full bibliography](#), [index of this eBook](#), and [Tools](#).

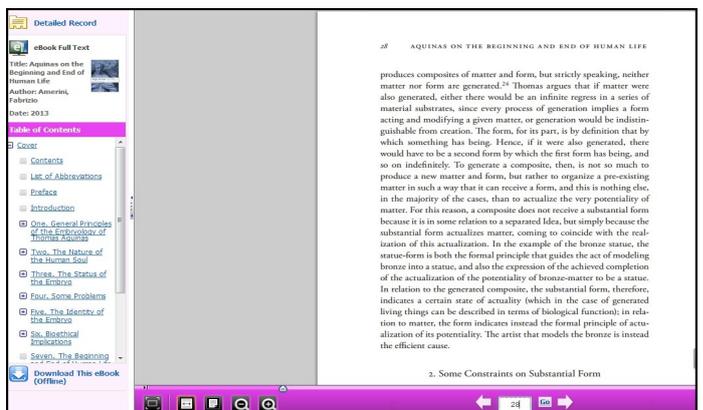

As this picture is shown the definition of 'Human'.

eBook Viewer Tool

If users select viewing [eBook Full Text](#), you have to interact with this **eBook Viewer Tool** while reading online.

eBook

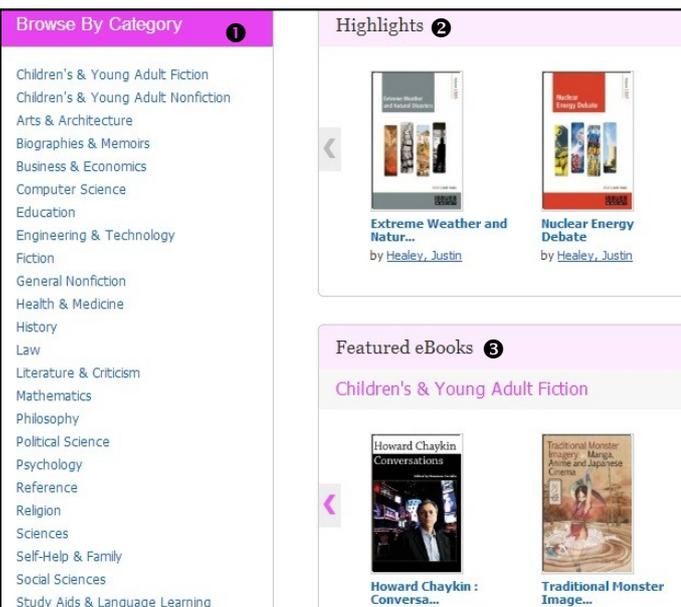

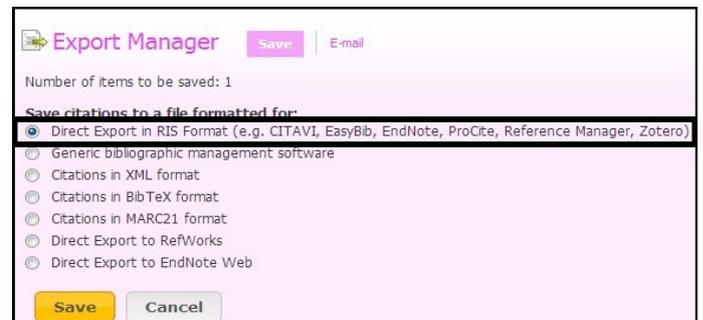

Underneath this menu, users can *browse* eBook by many ways as the following:

- ① **Browse By Category** - Users can select a [category \(subject\)](#) in focus to view all of its collection.
 - ② **Highlights** - Using the left and right arrows, or click [View All](#) to view a result list of all Highlights eBooks.
 - ③ **Featured eBooks** - The Latest Added eBooks in each category is displayed here. Users can use the left and right arrows, or click [View All](#) to view a result list of all Featured eBooks.
- **Results from browsing will be displayed same as [Search Results](#).**

- ① **Table of Contents** - Users can go directly to a chapter in the eBook Viewer tool by clicking on a hyperlinked chapter.
- ② **Shift page** - At the bottom, users can use the left and right arrows, or type page number in the box, to shift page.

Export Citation

Users can click [Export](#) at Tools (in eBook's detail), to open [Export Manager](#) as the picture below. Then choose the option available for you such as [Direct Export in RIS Format](#) (in case you want to export to EndNote), and click [Save](#).

Dictionary

The database provides an *Oxford American College Dictionary* for searching definition of any terms. Users can type [word or phrase](#) in the box and click [browse](#).

Sign out at the top right menu bar before leave the database. (If user use [sign in](#) mode)
